ABOUT US

The 2nd International Conference on Dentistry and Oral Health (Dental 2027 – Hybrid Event) is the premier dental conference hosted by Iris Scientific Group, which is going to be held during May 20-22, 2027 in London, UK. This conference allows participants to attend in person in London or Online from their home or workplace. We aim to encourage professional growth, collaboration, and a sense of achievement within the dental industry. Dental 2027 is the largest gathering of dental professionals, Principal Dentists, Dental Owners or Partners, Orthodontists, Dental/ Oral Surgeons, Dental (Maxillofacial) and Cosmetic Surgeons, Periodontists, Dental Business Managers, Dental Nurses and Dental Radiologists to hone professional skills, discover information on cutting-edge topics, and network with peers. The Main Theme of our Conference is "Novel Trends and Techniques in Dental and Oral Health"

Dental 2027 offers participants the flexibility to attend in person or virtually, ensuring a diverse and inclusive experience for all attendees. This platform is meticulously designed to foster collaboration, share cutting-edge research, discuss the latest innovations in dental technology, and promote best practices in oral care.

We anticipate welcoming you to join us in London during May 2027 on behalf of the Organizing Committee.

ABOUT LONDON, UK

London, the vibrant capital city of the United Kingdom, is located in the southeastern part of England along the banks of the River Thames. The area has a rich history dating back to Roman times when it was founded as Londinium around 43 CE. Over the centuries, London has grown into one of the world's leading global cities, blending historical heritage with modern innovation. The city extends across both sides of the River Thames, connecting diverse neighborhoods and cultural districts.

London plays a central role in the economic and political landscape of the United Kingdom and is one of the most influential financial centers in the world. It is part of the Greater London administrative region and serves as a hub for international business, education, arts, and culture. The city covers an area of approximately 607 square miles (1,572 square km), with a population of around 9 million people, while the wider metropolitan area is home to over 14 million residents.

Historically, London developed around the ancient City of London and the City of Westminster, which remain key centers of governance and heritage. The city is known for its seamless blend of tradition and modernity, where historic landmarks coexist with contemporary architecture and dynamic urban life.

Some of the most iconic attractions in London include Buckingham Palace, Tower of London, British Museum, Big Ben, London Eye, Tower Bridge, Westminster Abbey, Trafalgar Square, Hyde Park, St. Paul's Cathedral, and many more.
